

## ***GI WACAF Webinar Series***

### **Webinar #3**

# **Oil spill contingency planning, perspectives from the private sector and national authorities**

**September 2020**

**Julien Favier**  
GI WACAF Project Manager

# The Global Initiative for West, Central and Southern Africa

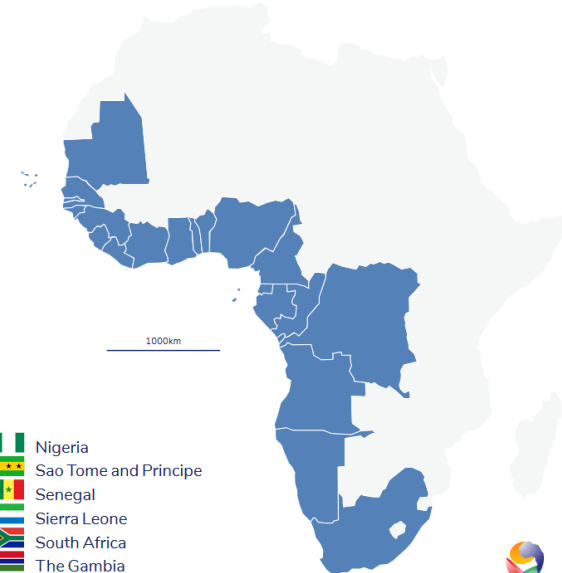

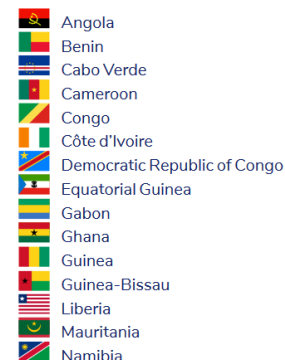

- **Launch of the Project in 2006** in the framework of the Global Initiative (GI) launched in 1996

**ipieca**

- Cooperation with the oil and gas sector in line with the OPRC 90 convention
- **Objective:** enhance the capacity of 22 partner countries to prepare for and respond to oil spills, so that they can better protect their marine and coastal environment
- **Technical assistance:**
  - National or sub-regional workshops,
  - Trainings (tailored to the needs),
  - Exercises (table-top and deployment),
  - Biennial conferences

## Countries covered by the GI WACAF Project

# In a nutshell

Encourages partner countries **to ratify and implement international conventions** from IMO and other UN bodies.

A **joint endeavour** of the public and private sectors to manage oil spill risks and mitigate associated impacts.

Supports **22 African partner countries** in the development and implementation of sub-regional and national **oil spill preparedness and response systems**.

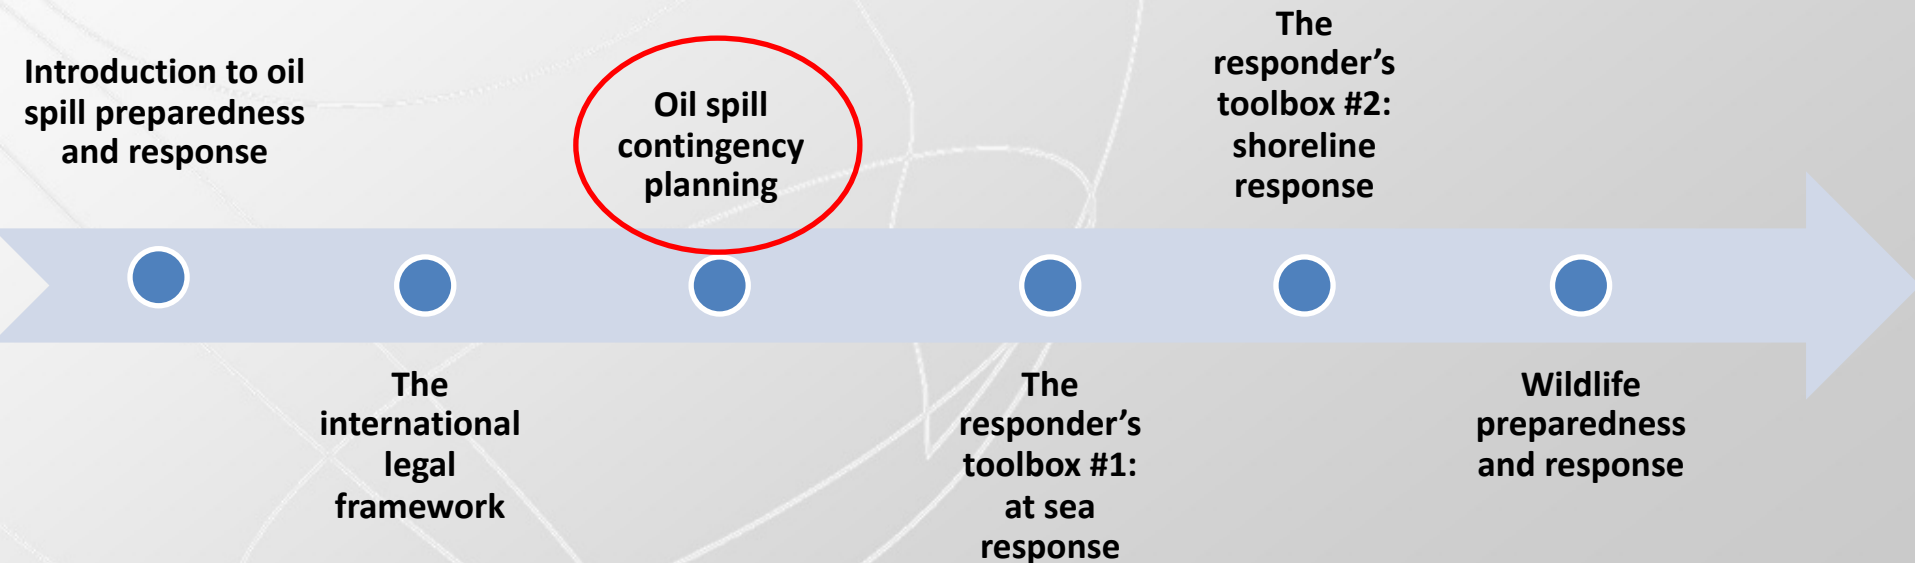

Encourages **better communication and collaboration** between governments and industry.

Organizes **workshops, training courses and exercises**.

Maintains a constant liaison with partner countries and the industry to **provide tailored capacity-building solutions**.

# GI WACAF webinar series

*A series of webinars covering the various dimensions of oil spill preparedness and response (technical, legal, institutional)*

## Webinar #3

# Oil spill contingency planning, perspectives from the private sector and national authorities

## Objectives

1. Present the key aspects of contingency planning in preparedness and response to oil spills, using different perspectives and points of view (regulator, oil&gas industry);
2. Present the tools and processes used when planning for oil spills;
3. Discuss the role and responsibilities of the different stakeholders involved in oil spill contingency planning; and
4. Show that oil spill response is at the crossroads of disaster risk management and protection of the marine environment .

# Presenting experts

1. **Richard Tindell**, Principal Consultant, OSRL - *Introduction to oil spill contingency planning*

2. **Capt. Ravi Naicker**, Senior Manager: navigation, security & environment, SAMSA – *South African NOSCP & Case Study*

3. **Tania Augusto**, Senior Advisor, ExxonMobil Angola – *Oil Spill Planning in the Oil and Gas industry in Angola*
