

A stylized map of West, Central, and Southern Africa is shown in a bright yellow color against a dark blue background. The map includes the outlines of the continents and individual countries. In the top right corner, there are logos for IMO (International Maritime Organization), GIWACAF (Global Initiative for West, Central and Southern Africa), and ipieca.

Global Initiative for West, Central and Southern Africa

Strengthening capacities for preparedness and response to oil spills

A contribution to a better protection of the marine environment in the region

GI WACAF second webinar series

Webinar #1: the NOSCP and its annexes

Emilie Canova
Project Manager

14 April 2021

The global initiative for West, Central and Southern Africa (GI WACAF)

- **Launch of the Project in 2006** in the framework of the Global Initiative (GI) launched in 1996

- **Governments/Industry cooperation** in line with the OPRC 90 convention
- **Objective:** enhance the capacity of 22 partner countries to prepare for and respond to oil spills, so that they can better protect their marine and coastal environment and communities
- **Activities:**
 - National or sub-regional workshops
 - Trainings (tailored to the needs)
 - Exercises (table-top and deployment)
 - Biennial conferences
 - Technical assistance

- Angola
 - Benin
 - Cabo Verde
 - Cameroon
 - Congo
 - Côte d'Ivoire
 - Democratic Republic of Congo
 - Equatorial Guinea
 - Gabon
 - Ghana
 - Guinea
 - Guinea-Bissau
 - Liberia
 - Mauritania
 - Namibia
 - Nigeria
 - Sao Tome and Principe
 - Senegal
 - Sierra Leone
 - South Africa
 - The Gambia
 - Togo
- 1000 km

In a nutshell

**OPRC 90
convention**

Encourages partner countries to ratify and implement international conventions from IMO and other UN bodies

Encourages **better communication and collaboration** between governments and industry

Organizes **workshops, training courses and exercises**

Maintains a constant liaison with partner countries and the industry to **provide tailored capacitybuilding solutions**

Supports **22 African partner countries** in the development and implementation of sub-regional and national **oil spill preparedness and response systems**

A joint endeavour of the public and private sectors to manage oil spill risks and mitigate associated impacts

GIWACAF

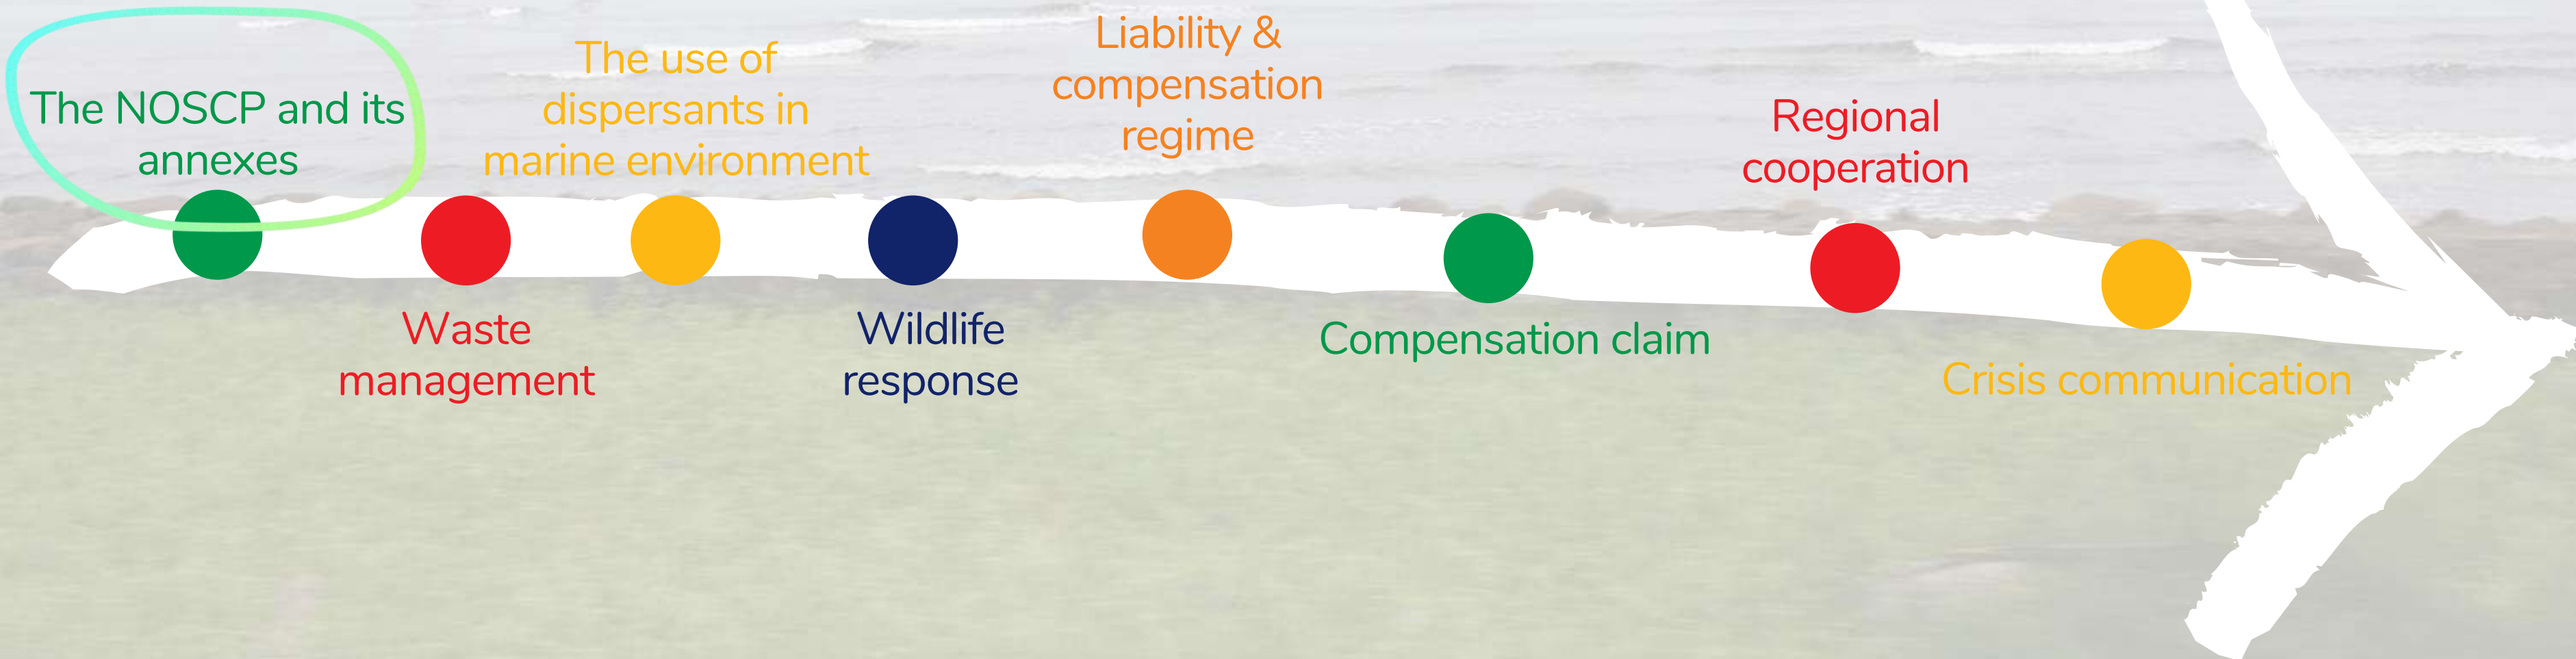

GIWACAF

GI WACAF second webinar series

Building on season #1 delivered in June-December 2020, this new series of 8 webinars will cover specific topics of oil spill preparedness and response

Webinar #1: the NOSCP and its annexes

Objectives:

- Link with webinar #3 (season 1) on contingency planning
- Gain an understanding of the **development process of a NOSCP** (including its scope, stakeholders, risk assessment, and institutional environment); and
- Gain knowledge of the content of a NOSCP, including some of its annexes, and the **importance of its effective implementation.**

Webinar #1: the NOSCP and its annexes

Speakers:

Presentation #1: development process and update of a NOSCP

Presentation #2: practical aspects of a NOSCP and successful implementation
